II. General Policies

A. Schools of Health Professions and Nursing

Eligibility for appointment, promotion, or granting of tenure is established by the Regents' Rules and maintained through the Appointment, Promotion and Tenure committees of the School of Health Professions (SHP) and the School of Nursing (SON), respectively. Recommendations of the Committee to appoint individuals to faculty titles are subject to approval by the Dean, Provost, and final approval by the President.

B. School of Medicine

In the School of Medicine (SOM), nominations for appointment or promotion to the titles of Professor and Associate Professor, and the granting of tenure, are reviewed by the Appointment, Promotion and Tenure Committee. Recommendations of the Committee to appoint individuals to faculty titles are subject to approval by the Dean, Provost, and final approval by the President.

C. Graduate School of Biomedical Sciences

See IHOP Policies [5.3.5, Faculty Recruitment Policy](#), and IHOP [5.3.7, Joint Appointments](#), regarding joint appointments.

Appointments to these titles will be for a period of time not to exceed one (1) academic year except in the case of Lecturer, Senior Lecturer, or a clinical or research position, when, in individual cases, appointment may be for periods of time not to exceed three (3) academic years. With the exception of the title of Instructor, such appointments will terminate at the expiration of the stated period of appointment without the notification of nonrenewal required by the Regents' Rules and Regulations, [Series 31001, Faculty Appointments and Title](#). If a component institution determines that it is to the benefit of the institution, it may offer reappointments to these titles in accordance with Texas Education Code Section 51.943.

For persons appointed to positions pursuant to this subsection, all appointment letters, personnel forms, budgets and other official documents of the health component will state in parenthesis following the name and title of the individual either “(non-tenured clinical appointment)” or “(non-tenured research appointment)” as appropriate, and service in such positions will not be credited as faculty service toward satisfaction of a required probationary period for the award of tenure

V. **Other Non-tenured Academic and Staff Titles**

VI. Honoric Titles

- Regental Professor
Any faculty member who is awarded the Nobel Prize or who has in the past been awarded the Nobel Prize may, upon recommendation of the President of the component institution, the appropriate Executive Vice Chancellor, and the Chancellor, be given the title Regental Professor. Because of the great honor associated with the award of a Nobel Prize, institutional tenure is awarded to Regental Professors by virtue of the appointment to this rank. (Appointments to this title may be part-time or full-time.) Appointments to this title are made by the Board of Regents pursuant to [Regents' Rules and Regulations, Series 31001, Faculty Appointments and Titles, 2.3.](#)

- Distinguished Teaching Professor
In recognition of their significant contributions to education, members of an institutional academy of distinguished teachers may use the honorific title Distinguished Teaching Professor. The use of this title may be conferred only upon approval by the President of UTMB.

- Regents' Research Scholar
Any tenure-track faculty recruit, regardless of rank, would be eligible for a Regents' Research Scholar title. To be eligible for this title, UTMB would identify an important recruitment of a Regents' Research Scholar and obtain philanthropic commitments for the specific recruitment. Recipients of these monies would be known as Regents' Research Scholars for the duration of the financial support and could also bear the name of the donor.

- Dean Emeritus, Chair Emeritus, Professor Emeritus and Associate Professor Emeritus
One of these titles may be given to a retired faculty member or in anticipation of the retirement of a faculty member, effective upon retirement. The conferring of one of these titles is not automatic upon retirement and is conferred upon recommendation of the Dean of the school in which the faculty member is appointed and the approval by the President. This appointment may not be used if the faculty member is contributing to any of the missions at UTMB. (Appointments to this title must be without salary.)
