I. Title

Freedom of Expression

II. Policy

The University of Texas Medical Branch (UTMB or University) recognizes that the freedoms of speech, expression, and assembly are a central mission to higher education. UTMB is committed to fostering the free exchange of ideas and protecting the rights of freedom of speech, expression, and peaceful assembly set forth in the U. S. Constitution. Additionally, the University maintains its right to establish reasonable time, place, and manner restrictions on the expressive activities on UTMB grounds.

A. Forums –

To further the ability to freely express oneself, UTMB provides multiple forums. These forums include:

- **Traditional Public Forums:** UTMB’s common outdoor areas are considered traditional public forums. Generally, the common outdoor areas are available for lawful expressive activity, planned or spontaneous, for individual or small groups of 24 or less individuals at any time without the need for reservation. To ensure the use of a specific common outdoor area, interested individuals or groups are encouraged to make a reservation as described in Section III.B. Individuals or groups engaged in an expressive activity in a common outdoor area with a reservation will be given priority to those individuals without reservations and may be required to relocate.
- **Designated public forums:** UTMB may temporarily make limited public forums available for expressive activities as specified by UTMB. These areas while designated as such will be treated similarly to the common outdoor areas for access and expressive activity to the general public. Obstruction or impeding the flow of vehicular or pedestrian traffic is prohibited.
- **Limited Public Forums:** UTMB buildings, grounds, and facilities that are not common outdoor areas are limited public forums and the freedom of expression may be limited for particular groups or particular topics. [IHOP – 02.06.01 – Use of UTMB Facilities](#) and [02.06.02 – Special Use Facilities](#) discuss the use and reservation of these areas.
- **Nonpublic Forums –** Areas of UTMB facilities and campus that are not traditional public forums and are not by tradition or designated for public communication. These areas will be restricted to their intended use and not available for public expressive activity. The nonpublic forums include, but are not limited to:
 - Galveston National Lab
 - Hospital and clinic facilities
 - Research facilities
 - Administrative facilities
 - Academic facilities
 - Libraries
 - Classrooms

- Faculty or staff offices

Those individuals choosing to engage in an expressive activity and those choosing to listen to an expressive activity must recognize and respect the right and freedom to express oneself; thus faculty, staff, or students who unduly interfere with an expressive activity will be subject to disciplinary sanctions.

Individual or group speech, expression, or ideas during an expressive activity on UTMB properties is the viewpoint of the individual or group and not of UTMB.

B. Expression Restrictions

UTMB will place priority in allocating the use of space on campus based upon the needs of teaching, research, providing healthcare, and other official functions of the University. Thus, distance restrictions, crowd placement restrictions, and security concerns may vary depending on security concerns for patients, faculty, staff, and students. The security concerns may be such that, whether due to disruptive activity or other extenuating security events, permitted expressive activities be relocated and/or required to cease the activity.
